

LESOTHO VISA

Due to security infringements, the Lesotho Ministry of Home Affairs has temporarily suspended the eVisa portal until further notice. Affected eVisa nationals must therefore either apply manually for a visa at the Department of Immigration; or email their completed forms with supporting documents to visa-applications.immigration@gov.ls at least five business days prior to travel to Lesotho. Upon approval, the Department of Immigration will notify and issue a letter via email that is required for entry into Lesotho at the Moshoeshoe I International Airport or Maseru Bridge, which is valid for 72 hours. During this 72-hour period, the traveler must appear in person at the Department of Immigration to pay for their visa-on-arrival. After paying, the traveler's passport will be endorsed.
